IX International Symposium about Dinosaurs Palaeontology and their Environment

SECOND CIRCULAR

April 2022

INVITATION

The *Colectivo Arqueológico y Paleontológico Salense*, (C.A.S.) and the *Museo de Dinosaurios de Salas de los Infantes* announce the celebration of the 9th Symposium about Dinosaurs Palaeontology and their Environment, in Salas de los Infantes (Burgos, Spain) on September 8-10th, 2022. The symposium will be held in the Auditorium Theatre of Salas de los Infantes. Together with the above-mentioned institutions, the University of Zaragoza, the University of the Basque Country (EHU) the University of Salamanca and the Foundation for the Study of Dinosaurs in Castilla and Leon (Dinosaurs Foundation CyL) participate in the organization of this symposium.

The main objective of this symposium is the presentation and discussion of recent advances on dinosaur palaeontology, new research technologies and everything related to Mesozoic ecosystems in which they inhabited. To accomplish this objective, 8 national and international keynote speakers have been selected among the best Mesozoic palaeontologists, keynote lectures will alternate with sessions of oral communications and posters. In addition, a field trip around geological and palaeontological sites in the Salas area is planned. Likewise, a program of cultural activities parallel to the Conference will be developed.

The organizing committee will give two grants to the best oral and poster presentations of predoctoral researchers.

LANGUAGE

The official languages of the symposium will be:

- Abstracts: English and Spanish
- Oral presentations: English, Spanish and French.
- Posters: English and Spanish.

The **topics discussed at the Congress** are:

- Indirect fossil remains of dinosaurs and other Mesozoic fossil vertebrates.
- Mesozoic plants.
- Palaeobiodiversity, characteristics, development and crisis of Mesozoic ecosystems.
- New technologies applied to the palaeontological research (Mesozoic).
- Preparation, restoration and conservation of sites and fossils of the Mesozoic.
- Paleontological research on Mesozoic vertebrates and their educational applications.
- Management and enhancement of the palaeontological heritage related to dinosaurs environment.

VENUE

The oral and poster presentations will take place in the Teatro Auditorio Gran Casino (Calle Jesús Aparicio s/n, Salas de los Infantes, Burgos).

STANDARDS FOR ABSTRACT SUBMISSION AND PRESENTATIONS

The abstracts must have an extension of 4 pages and must be submitted in Word format to caspaleontologia@gmail.com. To format the text and including the references there is available a template in <http://dinosaurioscyl.blogspot.com>. The text must be written in English language (mandatory) and optionally a Spanish abstract can also be included. The oral presentations will be done in Powerpoint and will spend 15 min. as maximum including possible questions. We encourage the authors to submit oral presentations. Depending on the number of participants some of the presentations will be posters. The posters size must be 90x120 cm. They will be hanged during the first day and will be removed at the end of the symposium.

The submitted works will be published in an abstracts book, available during the Symposium. Selected papers will be published in a specialist publication included in the *Science Citation Index*.

Third circular: June, 2022

IMPORTANT NOTICE:

Depending on the evolution of the pandemic and the measures proposed by the health authorities, the necessary requirements to be able to participate in person at the conference will be announced in the third circular. It is ruled out to hold the Conference virtually by videoconference. In the event that the health situation does not allow the face-to-face sessions to be held in a manner appropriate to the quality and tradition of these meetings, they will be postponed for next year.
